## CONSENT FOR CARDIOPULMONARY RESUSCITATION (CPR)

Many critical cases are seen by the New Haven Central Hospital for Veterinary Medicine. It often becomes pertinent for us to make serious medical decisions regarding your pet's treatment. Most notably is the question, do you wish for us to resuscitate your pet in the event of cardiac or respiratory arrest. This is a serious procedure with many potential complications and added financial responsibility of up to \$500. Because of this we ask that you please read the following and initial below.
